Background: Before embracing his gifts from Spirit, Rev. David-Uriel led a very active lifestyle that included baseball and martial arts. He was also, and still is, involved in the aviation industry working for the Federal Aviation Administration (FAA) since November 1997, where he currently is involved as a FAA Aviation Headquarter Specialist helping to bridge gaps in the aviation world between the U.S. Federal Government and the public, to include the international aviation world.

While enlisted in the U.S Air Force as an aircraft maintenance technician, after returning from the Gulf War (Desert Storm) in 1991, Rev. David-Uriel was diagnosed with a debilitating condition called Fibromyalgia in October 2000.

Because of the severity of the condition, Rev. David-Uriel began a journey of self-discovery, which involved many allopathic (western) doctors in various fields of practice. When these doctors provided no answers, Rev. David-Uriel began to seek alternative methods of exercise, medicine and healing, including energy healing.

In the process of searching for relief of this physical disorder, Rev. David-Uriel discovered that a balanced combination of open minded allopathic medicine philosophy, eastern medicine philosophy (acupuncture, herbs, etc.), and alternative healing modalities

(Reflexology, Reiki, massage, etc.) helped his condition to not only lessen in intensity but to improve.

In 2004, Rev. David-Uriel founded the Integrated Reflex-Reiki® system of healing, which is based on the philosophy that by working on the three primary components that comprise the human form: physical, energetic, and spiritual, using both Reflexology and Reiki, a multi-dimensional approach to healing is created with deeper and longer lasting health benefits for the client.

Then, in 2005, Rev. David-Uriel and Rev. Susan Ott founded Aviante Health and Wellness Center® (AHCW) in Thousand Oaks, California (www.aviantehwc.com).

At AHCW, they integrate the healing philosophies of Integrated Reflex-Reiki®, Quantum Bio-Feedback therapy, Jin Shin Jyutsu®, massage, and many other healing modalities being practiced worldwide, to include allopathic medicine philosophies. Their philosophy at AHCW is, “By listening to the client’s physical and energetic bodies, and researching the client’s lifestyle, we are better able tailor alternative and holistic health programs that best fit the needs of our clients.”

Since the founding of Integrated Reflex-Reiki® and Aviante Health and Wellness Center®, Rev. David-Uriel and Rev. Susan have conducted numerous workshops performing Reflexology, hypnotherapy, and other healing and consulting services at various locations, to include the Bodywork Emporium in Santa Monica, California, and Kids and Families Together, in Ventura, California. Rev. David-Uriel has also provided reflexology services at various events, including the 2004 Run-Hit Wonder, sponsored by Nike, at the Los Angeles Coliseum.

In early 2008, Rev. David-Uriel founded The Quickening Chronicles: The Virtual Sacred Circle Project (VSC Project), which has now been renamed as The Virtual Sacred Circle of Nations (THEVSCN) as of January, 2012 (www.facebook.com/thevscn).

The purpose of THEVSCN is to bring together spiritually like-minded people into a virtual group circle to share current world events and information, to hold spiritually-centered discussions and meditations for the purpose of assisting the “quickenings,” which is a main component for our spiritual growth, and to assist in the creation of a spiritually and heart-centered reality.

THEVSCN serves as a sounding board for all to share experiences, fears, knowledge, wisdom, etc., so we all can learn and grow at all levels of body, mind, and spirit. It also serves as a place where we all can discuss current events that need healing attention so we then can send heart-centered healing to those areas.

THEVSCN also offers free Distance Healing and Prayers Services, Sacred Circle Ceremonies in a virtual gathering, Funeral Services, House and Office Clearings, Smudging Ceremonies, Spiritual Counseling, Spiritual Journey Tours, Weddings; Vows; and Civil Union Ceremonies, and opportunities to attend group events so we can all share our knowledge and wisdom with all who seek it to better assist in raising our consciousness, to become one global consciousness and to help create a heart-centered reality for all. All alternative health and wellness services are offered by the VSCN through Aviante Health and Wellness Center®.
